AUSTRALIA

A BAZ LUHRMANN FILM
IN CINEMAS NOVEMBER 2008

This year's hottest movie, *Australia*, starring Nicole Kidman and Hugh Jackman, opens on November 26. Directed by Baz Luhrmann, *Australia* is an epic adventure set on the explosive brink of World War II. An English aristocrat (Nicole Kidman) travels to the faraway continent where she meets a rough-hewn local (Hugh Jackman) and reluctantly agrees to join forces with him to save the land she inherited. Together, they embark on a journey across hundreds of miles of the world's most beautiful yet unforgiving terrain, only to face the bombing of Darwin by Japanese forces. With romance, drama, adventure and spectacle, Baz Luhrmann's *Australia* is a must-see. Visit www.australiamovie.com.

To celebrate the film's release, we have three Aussie adventures to be won. You could be off to the Kimberley in WA, the Great Dividing Range in Queensland, or Australia's own Grand Canyon in NSW. For details, go to www.takeabreak.com.au. Just fill in the entry coupon for your chance to win.
