

## Castlemaine wins again!

Castlemaine has done it again, winning yet another state or national business award.

This time it is Ken and Chris' Bed and breakfast which has taken out the top award in the 2010 'Self Contained Bed and Breakfast Holiday Accommodation' category in the annual TakeABreak Awards.

TakeABreak is a website is Australia's only independent boutique accommodation site.

Chris and Ken Weatherall said they were thrilled to win the national award.

"We are so proud to win it as it shows us how happy our guests are," Chris said. "It is also a testament to the tourism industry in the Goldfields region."

Ms Weatherall said some of the special touches visitors received at Ken and Chris' Bed and Breakfast

included a selection of teas and coffee, DVDs and bookshelves full of books.

The couple won the award after receiving a stack of favourable comments and high ratings from their guests.

And it seems it is not just the cosiness of the self-contained cottage and the eye for detail that impressed visitors - it's the couple themselves, who go above and beyond for the guests.

Congratulations Ken and Chris.
