Kiama hot spot

Kiama could be the state's hottest travel destination this year after rating a mention on accommodation website TakeABreak.com.au. The site predicts Kiama will be the 10th most popular place to visit in 2011, behind Victoria's Great Ocean Rd and Phillip Island. Jamberoo Action Park, the Illawarra Fly Treetop Walk and Kiama's famous blowhole had become must-see attractions for couples and families.
